There are usually several vendors at this regatta selling rowing related items including apparel, posters, jewelry, books, etc. You may want to plan on bringing some extra cash for shopping at these vendors.

Note to Parents/Guardians: Our scheduled return time from regattas is only approximate as many factors affect the day's events including weather, number of entries, traffic conditions and other circumstances outside of our control. We show the historical return time each week for your reference but please be advised that in some years we have been off by as much as three hours each way due to conditions outside of our control. Athletes are welcome to call home if you are not present at the event to advise you of our departure times. Please understand that we cannot guarantee return times.

We appreciate your prompt pick-up of athletes upon our return as the coaching staff will stay at the pick up point (New gym, Circle Drive) until all athletes have departed.
